The Educational Consulting Centers

Howard R. Greene, M.A., M.Ed.

Matthew W. Greene, Ph.D.

FEE SCHEDULE FOR ONGOING EDUCATIONAL ADVISORY COUNSELING THROUGHOUT THE COLLEGE YEARS

After acceptance to a college or university, many clients wish to continue our involvement in guiding a student's educational path and progress until graduation from college. This long-term advisory role in a student's life creates a sustained relationship between the student and our counselors leading to a more informed and balanced approach to a successful college career.

The following personalized counseling service is available to those clients who wish to retain us as a continuing educational resource throughout the college years. We encourage both college students and their parents to be very proactive in claiming our time and advice. Please initiate and maintain regular contact with our counselors to discuss academic and other concerns, and be sure to keep us updated on your grades and academic progress, as well as your developing post college aspirations.

COMPREHENSIVE FEE \$8,000. The full fee for ongoing counseling is payable at the beginning of the process. If you wish to discuss a payment plan, please call our Westport office if you are working with Howard or Matthew Greene, or call our New York office if you are working with Ginger Miller, and we will be happy to accommodate you. Payments may be made by personal check, bank transfer, MasterCard or Visa.

The ongoing advisory service includes:

Curricular guidance throughout the college years to help ensure a successful academic experience.
Periodic review of the student's current and future courses in relation to his or her academic goals.
Identification of programs and future steps to be taken to guide and inform the student's educational progress.

Discussion of summer programs and internships that would complement the student's chosen educational path.

If appropriate or desirable, following discussion with the student, we will communicate with college personnel about issues in the student's interest.

Our counselors and staff are always available by telephone, e-mail or fax to answer questions and to respond to requests for information. When desirable, students may schedule a personal appointment at any time in either the Westport or New York City office.

Note: Ongoing Educational Advisory Counseling is separate and distinct from our regular Graduate School Counseling program. Should counselees in the above program decide to engage in Graduate School Counseling, we will offer Graduate School services for an additional \$6,000 which represents a reduction in our standard Graduate School counseling fee.
